

Gardening by Moon Phases

NEW MOON

TIP: Plant leafy annuals & above ground bearing crops that produce their seeds outside the fruit.

Lettuce

Celery

Cauliflower

2nd QUARTER MOON

TIP: Plant above ground annuals with internal seeds.

Peppers

Pumpkins

Tomatoes

FULL MOON

TIP: Plant root crops, perennials and bulbs. Take some time to prune & divide plants as well.

Carrots

Beets

Tulips

4th QUARTER MOON

TIP: Take a break from planting & focus on improving the soil by weeding, mowing & fertilizing.
